In 2006, David Baszucki, an MIT graduate and former robotics engineer, teamed up with co-founder Erik Cassel to create a game for the iPhone. After using the iPhone prototype to showcase the technology at Apple's Worldwide Developers Conference in 2008, they partnered with Roblox Corporation to develop a new platform for their ideas. In April 2009 they founded Roblox Corporation to create games and developer tools on Roblox. Both were inspired by Lego and video games.

There are also people who scam other players by selling items with prices they can't get for items that aren't worth much at all when you try to sell them. I once had someone scam me because of that. They told me their account was hacked and that they could fix it for me if I give them one of my item. So I gave them one and they scammed me. Another problem is when people are posting comments and other players comment back at them about it. There is a lot of spamming going on, but the worst part is there is a lot of inappropriate content that is being made like adult themes, swearing, and inappropriate skins.

Rated 5 out of 5 by Anonymous from Awesome! Roblox is SO fun! You can download it for free and make your own games with your friends... It's really fun and I recommend it to everyone!!!!

Good for improving cognitive function. There are a lot of games on roblox that can actually help your child improve their cognitive function, such as games such as the "Maze" game which can increase their motor skills. This certainly makes it a better option than other games available, such as GTA 5!

Rated 5 out of 5 by Anonymous from Fun on Roblox Being able to build your own game with your friends on roblox is awesome. You can build anything you want including houses, cars and even animals. It will take a little while though but in the end it'll be enjoyable!
